To whom it may concern,

Brian and his team at Signal 88 have been servicing our community for one year now and I have nothing but phenomenal things to say about them. They take great pride in the work they do when it comes to making sure that there are no security issues while we are not present at our community.

Communication between us and them is key and they do a great job of making sure that happens. Our best interest is always most important to them when they have to make a spur of the moment decision.

We could not be any happier with the service they provide for us.
