To Whom It May Concern,

Suntide Island Beach Club uses Signal 88 Security for all of our security services and have found them to be extremely responsive to our every need. Signal 88 goes above and beyond regular patrolling as they also close down our pool and spa, inspect grills, and enforce property rules such no smoking, no glass on the pool deck, etc. Our guests can also rely on Signal 88 to respond to non-emergency situations for issues such as swimming after hours, late night loud or obnoxious behavior, etc. We have magnets on every unit refrigerator with the non-emergency number so our guests can call for a Signal 88 officer to respond to any of the above situations. We recently added an afterhours lockout service where our guests can have a Signal 88 officer respond should they be locked out of their room. We also use Signal 88 to provide an onsite officer during high volume holidays such as Memorial Day, 4th of July, the annual boat race weekends, etc. One of the best features of Signal 88 is their daily email reports detailing their nightly patrols which include pictures. Also all of their officers drive easily identifiable vehicles and wear bright colored uniforms with the Signal 88 logo and/or patrol officer emblazoned on the front, side or back of their shirts. The Signal 88 officers give all of our guests peace of mind so they can enjoy a care free vacation. Please feel free to call me if you would like any further information regarding Signal 88 Security.

Best Regards,
