Date: October 12, 2018

I am writing this letter to recommend the service of Signal 88 to you. During the past year and a half our company has been working with Signal 88 Security on numerous different projects to get our properties to a nice and comfortable place to call home. The company offers high quality service. We can say that we have always been satisfied by their work.

One of the projects that we worked on pointed out the concern for quality and attention to detail that our company has. For the first, loitering and traffic control detail that we worked together with Signal 88, the company maintain traffic flow, gave tenants the since they were here to protect the property and improvised loiter policy. The response rate was a great and properties made an overall turn around. In our opinion it has been the knowledge and care of the company that resulted in such impressive results.

I would like to ask you to consider Signal 88 for patrol needs for your company. I strongly recommend the services of the company and I am looking forward to continuing our services with this company.

Sincerely,
